

Hello !

**Les migrants sont juste des humains comme les autres.
Ils doivent être traités comme tels, ni plus ni moins.**

Ce dictionnaire visuel universel permet de se faire comprendre dans toutes les langues. Son seul but est d'aider les associations d'accueil à surmonter les incompréhensions et de se faire comprendre plus facilement.

Ici les mots sont remplacés par des images. Pointez simplement l'objet ou le lieu recherché et montrez-le à votre interlocuteur...Il comprendra plus facilement. Que de temps gagné !
